STRATEGIC THINKING TOWARDS NEW PRODUCT & MARKET DEVELOPMENT IN PACKAGING FOR METAL PROTECTION

Join us in Birmingham for two days of learning and discovery. Whether you are looking to get to know MetPro and its people a little better, or are just now being introduced as a new partner of choice, you will be able to familiarize yourself with all aspects of the MetPro business.

In this time of financial constraints, budget reductions, increased end-user expectation and complex environmental considerations we must support and develop further business opportunities in new areas of applications

Our two day workshop will feature speakers from MetPro as well as introductory pieces from our existing partners. Come & meet **Frontline Sales Managers** from all over Europe as well as our **In-House Product Managers, Marketing Managers & Production Facilitators**.

CONFERENCE OBJECTIVES

**To introduce new metal protection packaging products & applications.
To promote networking & co-operation amongst our European partners
in the areas of sales, distribution & manufacturing.**

The conference begins at 09.00 Monday 30th March & will end on the afternoon of the Tuesday 31st March. MetPro will host a gala dinner on the evening of the 30th.

To register please contact Claire Hobbert claire.hobbert@metprogroup.com

The deadline for registration of company delegates is **Friday 13th March, 2009**

We look forward to seeing YOU there!
